

15 YEARS IN BOLIVIA!

We arrived on May 17, 2007.

12 people from the USA who had no idea what they were doing, or what God would do in and through them.

Naive, but passionate!

Preach. Respond. Equip.

All around us there are so many needs. People are hurting. People are broken. People are tired. It was just like this when Jesus was walking the earth. That is why He said, "Come to me all you that are weary and heavy laden and I will give you rest."

We want to help people come to Jesus. This is the heartbeat of our ministry. My personal life vision statement that I formulated over 20 years ago is "Helping People Know God Better And Love Him More". That has been my passion.

In our ministry, we do the same thing, but in various ways. People need to know God for the very first time, in a

loving relationship with Him. That is why we **Preach**. The gospel, the life, death, and resurrection of Christ and our need for Him, is the centerpiece of all we do.

People also find themselves in hard circumstances. Life is tough. Poverty is overwhelming. Needs are almost infinite. So, we **Respond**. We seek to respond to the needs around us as we preach Christ crucified.

Finally, we believe that the method God has chosen to preach and respond is the church. So, we **Equip**. We do all of our ministry with, through and for the local church. That is who we are. It is what we do.
